

AP Biology Chapter 11 – Regulation of Gene Expression Vocabulary

1. Promoter:
2. Transcription factors:
3. Repressor:
4. Activator:
5. Inducers:
6. Inducible genes:
7. Constitutive genes:
8. Operator:
9. *Lac* OPERON:
10. *Trp* OPERON:
11. Structural gene:
12. Corepressor:
13. General transcription factors:
