

Dear Parents & Students,

As your AP Biology teacher I have decided we will use Khan Academy as our Distance Learning program. You will be able to access this platform using any electronic device (including your phones). Any student that does not have access needs to let me know immediately via email – Melissa.wyatt@dcsms.org

Instructions:

1. Make sure you have an email account. If you do not have one, you will need to create one.
2. Go to [Khan Academy.org](https://www.khanacademy.org) and create an account using your email.
 - Select Learner
 - Click on "enter class code"
 - Enter your class code Y52V8VHA
 - Click create new account
 - Enter your DOB again
 - Sign up with email and enter email address.
 - Enter your name and create a password (use your correct first and last name)
 - WRITE YOUR NAME & PASSWORD DOWN!!!!!!
 - Once you are logged in, you will see Melissa Wyatt
 - DO NOT CLICK ON COURSES
 - At this time you are complete. I will send a remind message when your first assignment is out there.
 - Please sign up ASAP.
3. Once you have created an account, you may also download the Khan Academy app to use on other devices. You will need your login information so WRITE IT DOWN.

I truly feel that this is the best option to keep our class moving forward. We have worked too hard to not continue and finish strong.

Sincerely,

Mrs. Wyatt
Melissa.wyatt@dcsms.org
